Just watched it on webcast.

Wow Wow Wow.

Babs Grant on form as a grumpy auld wuman. Has a go at Aitken and Macdonald(who were not there) and the Provost also appears to have a dig.

Staff sickness is a problem - but the cooncil have a handle of why are getting sick - they have an aging work force.

Bamforth cannot resist having a go at Carlaw (MSP)

Provost Fletcher at the start of the meeting says they are pressed for time, the meeting ends in under one hour.

Convery speaks about deprivation in Barrhead and O'Kane has a go at her, and surprisingly so does Wallace.

and apparently the administration have looked at things in a 'holistic manner' according to Buchanan.

Full breakdown to follow.....
