

All Council meetings to be held in secret until August - No public Access - no video recording - Councillors can't cope with video technology?

Subject: RE: RE:Public Access to future Council/Committee meetings

You are correct – there is no venue as all participants will be taking part in the meeting remotely.

With regards to the recording of meetings and subsequent publication, following discussions with the 3 group leaders it has been decided, to allow meeting participants to become familiar with taking part in meetings remotely, not to record/publish any of the meetings taking place prior to the recess.

As a result, the first meeting that will be recorded/published will be the meeting of the Planning Applications Committee on 5 August.

Kind regards
